

United States National Phase Application  
Attorney Docket No. D4695-00133  
Preliminary Amendment

**Amendments to the Drawings**

Please replace the drawings as filed with the enclosed replacement drawing sheets, which include Figures 1 through 4 as described in the specification.

**Remarks**

In a Communication sent on 25 July 2006 (a copy of which is enclosed), the Office of PCT Legal Administration notified Applicants that this application was abandoned for failure to timely submit a translated Figure 1 which complies with MPEP § 1893.01(d). Applicants have cancelled the translated Figures and submitted replacement Figures which comply with MPEP § 1893.01(d) and better place the application in condition for allowance.

No new matter is included as a result of these replacement Figures. Early and favorable consideration of the Petition to Revive under 37 CFR § 1.137(b) is requested.

Respectfully submitted,
